God's Handbook for Relationships

What You Can Expect

“Counseling God’s way” is more than a catchy phrase. It is a commitment to take the Scriptures seriously and to help God’s people apply His truth to their personal lives in practical ways. God’s Handbook for Relationships is the conference that will help you do this. This conference is the combination of the IABC regional conference and the ministry of Dr. Stuart Scott from SBTS.

The IABC Regional Conference is an opportunity for Pastor’s & laymen alike to attend a conference that is geared toward addressing the everyday struggles & challenges that all Christians face. It is unique in that it takes the approach that the Bible, God’s Word, is sufficient for handling these issues. This conference will provide you with practical tools that you need in order to know how to effectively apply God’s Word to your life, as well as to the life of those you minister to.

The Parenting Conference with Stuart Scott will focus on encouraging parents to just be faithful and not seek to produce a certain product. Most often parents are trying to change the heart of a child (something only God can do) or be product oriented (always looking for a workable system of child-rearing that gets what the parent wants). Dr. Scott will point parents back to the call to be a faithful parent and trust God to accomplish His will in the life of their child. As Dr. Scott says, “This is a God-given responsibility that comes with His grace to accomplish it”.
