MDS Student Membership Renewal Form

Students seeking Regular Membership in IABC are required to agree with IABC's Statements of Faith and Practice. At IABC, we understand that Biblical Counseling students are, by definition, in the process of formulating an understanding of Biblical principles related to the application of Biblical Counseling. We realize that students may not have fully formed biblical opinions concerning the application of biblical truth to counseling. Accordingly, IABC offers Student Membership to all Biblical Counseling students desiring to pursue this discovery process.

IABC's Program Mentors and Board of Directors are available and anxious to answer questions and provide guidance during this critical time of discovery. Upon successful completion of the Degree/Certification Program, graduates of MDS may apply to IABC for Regular Membership.

I am renewing my Student Membership in the International Association of Biblical Counselors. As a Student Member, I understand and affirm the following:

- I am involved in a an approved program of study in Biblical Counseling
- I have read IABC's Statements of Faith and Practice.
- I agree to present myself only as a "Student Member" of IABC.
- I will not present myself as an IABC certified counselor.
- I will notify IABC and my Mentor if I decide to discontinue my studies.
- I understand that upon completion of my studies, I must apply for Regular Membership by contacting IABC and completing the appropriate application process.

This renewal MUST be faxed or mailed to IABC, along with your \$25 annual Student Membership fee, in order to renew your Student Membership.
